Longridge High School

Excellence and ambition from all, for all

Year 10 Work Experience

Final Reminder – Work Experience Consent and Medical Information

This is a final reminder that the deadline for completing your child's Work Experience medical information and parental consent is **today, Friday 23rd October 2026**.

All Year 10 pupils will take part in a week of Work Experience from **24th to 28th May 2027**, providing them with a valuable opportunity to develop employability skills, gain experience of the workplace, and explore future career pathways.

All information must be completed online through the EBP NW Work Experience platform. If your child is arranging their own placement, the self-placement form and a copy of the employer's liability insurance must also be uploaded through the system.

If you have not yet completed the required information, please do so today to ensure your child can take part in the programme.

Thank you for your support.

Medical Information and Consent Link:

Work Experience Placement
The deadline for securing and confirming a Work Experience placement is **Friday 11th December 2027**.

Self-Placement Link:
Student Information | Work Experience - Self Placement Form | Automate

Once placements have been approved, pupils and parents/carers will be able to access full placement details through the online system, including job descriptions, working hours and any relevant health and safety information.

This marks the beginning of the Work Experience process, and further information will be shared as placements are confirmed. If you have any questions or require support in securing a placement, please do not hesitate to contact **Mr Wright or Miss Lovatt via Synergy**.

Work Experience Online Forms. Please scan the relevant QR code(s) below to access and complete the required Work Experience forms.

Medical Information & Parental Consent	**Self-Placement Form**
Complete by Friday 23rd October 2026	Complete if your child has arranged their own placement. Placement deadline: **Friday 11th December 2027**.

RUNSHAW COLLEGE

I am a School Leaver — Runshaw College

Runshaw College Open Events

One of the best ways to find out what life as a Runshaw student is like is to come to an Open Event. We hold these events **throughout the year**, both for **School Leavers and Adult Students**. They are a great opportunity to meet the staff who will teach you, talk with current students and to explore our beautiful campus. You can also find out about one of our many Apprenticeship Programmes – study a work-related qualification during which you will gain practical skills from the workplace and earn a wage.

Next School Leaver Open Event:

Saturday 14th November 2026, 10am-2pm.

Registration will open soon.

Runshaw College hosts three Open Events a year, two during the day in September and November, and one in March which takes place in the evening. You will have the chance to meet our teachers and enjoy our lovely campus, whilst finding out everything you need to know about your next steps! We can't wait to say hi & show you why we're so proud of our lovely college here at Runshaw – don't forget to pick up one of our famous #RunshawCookies!

Applications for 2027 are open!

What are T Levels!!!!

[Introduction of T Levels - GOV.UK]
[T Levels | The Next Level Qualification]
[Resources for parents | T Levels]

T Levels: A Technical Route to Your Future

T Levels are an exciting post-16 qualification designed for young people who want to combine classroom learning with practical industry experience. Developed with employers, T Levels help pupils develop the skills, knowledge, and confidence needed for a successful career while keeping progression routes to university, apprenticeships, and employment open.

- T Levels are two-year technical qualifications for 16 to 19-year-olds and are equivalent in size to three A Levels.
- Courses are designed in partnership with employers to ensure pupils develop the skills and knowledge needed in today's workplace.
- Students spend approximately 80% of their time in the classroom and 20% on a substantial industry placement.
- Every T Level includes a minimum of 315 hours (approximately 45 days) of work experience with an employer, providing valuable real-world insight.
- T Levels combine academic learning with practical skills, helping students become work-ready and confident in their chosen career area.

Why Choose a T Level?

✓ Gain hands-on experience in a real workplace.

✓ Develop the technical and professional skills employers value.

✓ Learn through a combination of classroom study and practical application.

✓ Keep your options open for university, higher or degree apprenticeships, or skilled employment.

✓ Build confidence, independence, teamwork, communication, and problem-solving skills.

Where Can a T Level Take You?

Successful completion of a T Level can lead to:

- University
- Higher or Degree Apprenticeships
- Skilled employment
- Further specialist training

T Levels are an excellent option for pupils who have a clear career interest and want to combine studying with meaningful industry experience, helping them take the next step towards their future career

THE NEXT LEVEL QUALIFICATION

Apprenticeships

How apprenticeships work

Apprenticeships are real jobs with real employers, allowing you to work, earn a salary and gain valuable qualifications and experience. With hundreds of apprenticeship standards covering everything from accountancy to zoo keeping, there is an apprenticeship for everyone. Apprenticeships offer choice, opportunity, qualifications, support and a head start into a future career.

Apprenticeships combine practical training in a job with study. As an apprentice, you will:

- be an employee, earning a wage and receiving holiday pay
- work alongside experienced staff
- gain job-specific skills
- complete training and study related to your role as part of your working hours

Apprenticeships can take between **8 months and 5 years** to complete, depending on the level, the apprenticeship standard and any relevant prior learning. Please visit: - https://www.gov.uk/apply-apprenticeship

APPRENTICESHIPS - Earn • Learn • Succeed

🌟 APPRENTICESHIP JOURNEY 🌟

Journey Step	What It Means
🏫 SCHOOL	Building strong foundations through education and personal development.

📈 PROGRESS	Gaining experience, increasing responsibility and achieving further qualifications.
🚀 CAREER	Advancing into higher-level roles and exciting career opportunities.
👍 MOTIVATION	Staying focused, working hard and striving towards your goals.
🎯 SUCCESS	Achieving your ambitions and creating a rewarding future.

JOB OF THE WEEK

ANNUAL SALARY

£24,907 to £73,664

As an anaesthetist, you'll assess patients' health and discuss which type of anaesthetic is suitable for them (general, local or regional), administer appropriate anaesthetics before surgery, monitor their wellbeing during surgery and provide care after medical procedures. You'll also deal with emergencies in theatre. You may:

- Prepare patients for anaesthesia by explaining any risks or side effects.
- Give anaesthetics to patients.
- Observe and monitor patients during surgery.
- Resuscitate and stabilise patients in the emergency department.
- Relieve pain during childbirth.
- Ease pain after an operation.
- Manage acute and chronic pain.
- Help patients receiving treatments like electric shock therapy.
- Complete administration tasks and deal with patients on wards or in

Patients can range from babies to the elderly and may include pregnant women (during childbirth), those undergoing operations and those with chronic pain.

You will spend most of your time in the operating theatre, although you may also work in other areas of the hospital, including wards. You can also lead intensive care units.

You will need:

- Knowledge of medicine.
- Thinking and reasoning skills.
- To be thorough and pay attention to detail.
- Excellent verbal communication skills.
- Knowledge of biology.
- The ability to use your judgement and make decisions.
- The ability to accept criticism and work well under pressure.
- The ability to work well with your hands.
- The ability to think clearly using logic and reasoning.
- To be able to use a computer and the main software packages competently.

Career Path & Progression – As a consultant anaesthetist in the NHS, you may also find opportunities to work in the private sector. With experience you might lead or manage departments. With experience and entry on the General Medical Council (GMC) Specialist Register, you could apply for senior (or consultant) roles. You could also teach medical students, postgraduate doctors in training, nurses, midwives and paramedics.

JOB OF THE WEEK - EPISODE #26 - ANAESTHETIST - YouTube

Careerpilot: Job sectors: Medical: Job profiles: Anaesthetist

Working environment

- You may need to wear a uniform.
- You could work in an NHS or private hospital.
- Your working environment may be physically and emotionally demanding.

Working Hours

- 41 to 43 a week
- You could work: evenings/ weekends/bank holidays or on a rota.

You can get into this job through:

- A university course.
- University

To become an anaesthetist, you'll need to complete:

- A 5-year degree in medicine, recognised by the General Medical Council
- A 2-year foundation programme of general training
- Up to 8 years of specialist training

You may be able to join a 6-year degree course in medicine if you have no A levels or equivalent qualifications in science. This includes a one-year pre-medical foundation year.

If you already have an upper second class of first-class science degree, you could take a 4-year graduate entry route into medicine. Some universities will also accept non-science graduates.

For more information speak to a Career Adviser or your local colleges.
