Year 10 College

TASTER DAY

We have started the process of preparing your child for life after school and supporting them to make informed decisions about their futures. Our CEIAG programme for Years 10 and 11 aims to provide your child with all the information they will need to make choices about the future careers and the pathways needed to achieve their goals.

To help them with their decision making, we have arranged for all Year 10 pupils to visit at least three local colleges for 'Taster Sessions' in June / July 2024.

Pupils will be visiting the colleges below on the following days: -

Mon 24 th June	Runshaw College (selected pupils)
Mon 1 st July	Preston College
Tues 2 nd July	Cardinal Newman College
Wed 3 rd July	Blackburn College

PRESTON COLLEGE

APPRENTICESHIP OPEN EVENT

PRESTON COLLEGE

Join us at **Preston College** for an exciting opportunity at our upcoming Apprenticeship Open Event! Discover a pathway to success as we showcase a full range of apprenticeship opportunities tailored to kick start your career journey. Meet industry professionals, speak to the employers we work with, and gain an insight into the invaluable benefits of apprenticeships! Mark your calendars and seize the opportunity to shape your future at our Apprenticeship Open Event!

[Apprenticeship Open Event 2024 - Preston College](#)

Runshaw College Additional Learning Support Team are having an informal Open Event at college to inform pupils and parents of the support offered here at Runshaw. There will be the chance to talk to staff from the ALS team, explore the department and discuss the services provided. Colleagues from Student Services will also be available to provide information on bursary and transportation, and information will be available about medical needs, safeguarding and wellbeing.

We invite Year 10 and 11 pupils to come along on Monday 24th June, the event will run from 4.30 pm to 7.00 pm.

If you have any questions regarding the event, please contact Tracy Stuart, stuart.t@runshaw.ac.uk

The Royal Air Force (RAF) is the UK's air and space force. Whether in the skies above the UK, or around the world, the RAF protect the UK's interests at home and abroad. They also act as a force for good by working to strengthen international peace and security. By working for the RAF, not only will you gain a professional qualification that's recognised in the civilian world, you will also have a guaranteed job in your chosen role once you've completed it. You'll receive the very best training and, whilst being paid to learn, you'll get the chance to travel the world, play sport and perform an important role in the RAF as well as being able to access dedicated on-base medical and dental care.

 Amazing Apprenticeships

 ARMY BE THE BEST

Apprenticeships in the Royal Signals

The Royal Signals are at the forefront of everything that the Army does, in conflict and in peace. Join our webinar on **18th June at 3.30pm** to learn more about the range of apprenticeship opportunities available within the Royal Signals and to hear from inspiring Soldiers about their career journey, what their apprenticeships involve and why they chose an apprenticeship with the Army.

Discover  with 

 "I joined the RAF because I wanted to do something worthwhile, I wanted a career that I would enjoy and one that I could do things I would never of dreamed of, such as travelling around the world and getting paid for doing so.
When looking at joining the military, I considered all three services and the RAF stood out to me the most." - Cameron Harper, Networks Technician

Who are the RAF?

The Royal Air Force (RAF) is the United Kingdom's air and space force. Whether in the skies above the United Kingdom, or around the world, the RAF protect the UK's interests at home and abroad. They also act as a force for good by working to strengthen international peace and security.

So, why should you start your career with the RAF?

No ordinary employer
A career in the RAF is about discovering your natural talent and working together to find out what makes you happy, productive and brings you the most value in your life.

Further faster
Your success is vital to the RAF. With a commitment to your future, you'll undergo basic and specialist training in your chosen field, with ongoing support tailored to your career journey. Their structure means you'll be given responsibility from the get-go.

A modern force
The RAF believe the talents and skills of individuals from different groups makes for a more efficient RAF. They are committed to promoting and developing equality, diversity and inclusion within the Service and they look to recruit those who believe this too.

Find your force with the RAF.

£25,200 p/a Nationwide Level 2-3

By joining the Royal Air Force, you will get much more than just a job - you'll have opportunities that no other employer can hope to match. Life in the RAF is a unique experience, from worldwide travels to lifelong friendships.

SEE ALL ROLES

As experts on apprenticeships and technical education, we influence the way that apprenticeships are perceived and drive forward innovative and creative work in England and internationally, to ensure that more individuals and businesses can access the benefits of apprenticeships. We have already brought about a huge culture change amongst schools in the way that apprenticeships are perceived and promoted to students... but there is always more to do! [About ASK - Amazing Apprenticeships](#)

This month's edition of the Parents & Carers Pack. [Parents and Carers- Pack May 2024.pdf \(ctfassets.net\)](#)

The pack starts with a look at careers in Early Years and Education and two routes into this fantastic sector – apprenticeships and T Levels. Also featured in this pack are two different organisations offering apprenticeships in sustainable roles.

[Apprenticeship vacancies - Training 2000](#)

The poster features a background image of two men in a workshop setting. The University of Central Lancashire logo is in the top left, and the Apprenticeships logo is in the top right. The main title is 'How to apply for an Apprenticeship with Training 2000' in large white text, followed by 'It's as easy as 1, 2, 3!' in a smaller white font. Below this are three numbered steps in red boxes, each with a red number and a title. Step 1: 'Apply online' with a QR code. Step 2: 'Meet our recruitment team'. Step 3: 'Start your career'. At the bottom, the website 'www.training2000.co.uk' and phone number '01254 54659' are listed. Logos for the University of Central Lancashire, Traineeships, and the European Union are at the bottom.

JOB OF THE WEEK

QUANTITY SURVEYOR

ANNUAL SALARY
£18,000 to £80,000

Quantity surveyors oversee construction projects, managing risks and controlling costs.

Your day-to-day tasks will include:

- ✓ Finding out a client's needs and assessing if their plans are feasible.
- ✓ Working out quantities and costs of materials, time and labour for tenders.
- ✓ Negotiating contracts and work schedules.
- ✓ Advising on legal matters, including risks and disputes.
- ✓ Monitoring sub-contractors and stages of construction.
- ✓ Writing regular reports on costs and preparing accounts for payment.
- ✓ Keeping up to date with construction methods and materials.
- ✓ Following health and safety and building regulations.

Skills required and how your skills match up.

You will need:

- ✚ Maths knowledge.
- ✚ To be thorough and pay attention to detail.
- ✚ Analytical thinking skills.
- ✚ Knowledge of engineering science and technology.
- ✚ Persistence and determination.
- ✚ Knowledge of building and construction.
- ✚ The ability to accept criticism and work well under pressure.
- ✚ The ability to use your initiative.
- ✚ Knowledge of computer operating systems, hardware and software.
- ✚ To be able to use a computer and the main software packages competently.

Career Path & Progression - With experience, you could become a senior quantity surveyor or move into senior project management, supply chain management, consultancy work or self-employment. You could specialise in areas like planning, risk assessment or contract disputes. Another option is to move into lecturing at a university or

Working Environment and Hours

37 to 40 a week. You could work: evenings / weekends; occasionally.

You may need to wear protective clothing. You could work at a client's business or in an office.

Your working environment may be outdoors some of the time.

You can get into this job through:

- A University Course.
- An Apprenticeship.
- Working Towards This Role.
- A Graduate Training Scheme.

University

You could do a quantity surveying degree, or a postgraduate conversion course accredited by the Royal Institution of Chartered Surveyors.

Useful degree subjects include:

- Construction.
- Structural or civil engineering.
- Maths.
- Geography.
- Economics.
- Land studies.

Entry requirements: -

You'll usually need:

- 2 to 3 A levels, or equivalent, for a degree.
- a degree in any subject for a postgraduate course.

Apprenticeship

You could take a surveying technician advanced apprenticeship, followed by further training on the job, or a chartered surveyor or construction quantity surveyor degree apprenticeship.

Entry requirements: -

You'll usually need:

- 5 GCSEs at grades 9 to 4 (A* to C), or equivalent, including English and maths, for an advanced apprenticeship.
- 4 or 5 GCSEs at grades 9 to 4 (A* to C) and A levels, or equivalent, for a degree apprenticeship.
